

# NON-RESIDENTIAL LIGHTING SYSTEMS & CONTROLS PROGRAM

## FAQs for Contractors

**Q** What is Dominion Virginia Power's Non-Residential Lighting Systems & Controls Program?

**A** The Non-Residential Lighting Systems & Controls program provides incentives for upgrading existing or installing new energy-efficient lighting and lighting controls, such as occupancy sensors. Customers can receive rebates for installing qualifying energy-efficient lighting in non-residential facilities.

**Q** What are the benefits of being a participating contractor?

**A** Your company name and contact information will be included on Dominion's contractor search tool at [www.dom.com](http://www.dom.com). Customers can access this site and search for contractors by program, zip code and contractor's business name. In addition to increased exposure to potential clients with this listing on Dominion's website you will also benefit from:

- Orientation and training sessions that provide informational updates and program support
- Access to participating contractor tools and resources
- Marketing materials to promote your services

**Q** How do I become a participating contractor?

**A** Visit [www.dom-vendor.com](http://www.dom-vendor.com) and complete the vendor registration form. You can also print and mail it to the address below or fax it to the number listed below.

Honeywell Smart Grid Solutions  
7870 Villa Park Drive, Suite 800  
Richmond, VA 23228

FAX: 1-804-482-2883

Once your submission has been approved, you will be invited to attend an orientation session and can then begin to enjoy the benefits of being a participating contractor!

**Q** What are the benefits to my customers?

**A** Energy-efficient lighting offers many benefits to your customers including:

- Energy-efficient lighting and controls reduce energy use and can save you money on electric bills.
- Newer lighting technologies can provide a more comfortable working environment for employees.
- Newer lighting technologies can create a more appealing atmosphere for customers.

**Q** What is the rebate amount that my customer will earn?

**A** Qualifying non-residential customers will receive a rebate based on the lighting technologies they install.

Rebate information will be available soon at [www.dom.com/savenowVA](http://www.dom.com/savenowVA).

Customers may authorize payment of the rebate to the contractor to offset their out-of-pocket expenses.

More questions? Visit [www.dom-vendor.com](http://www.dom-vendor.com) or call  
**1-888-366-8280** for additional information.
